

Validate Someone and see what the Lord does for you.

Last September I happened to travel and stay with an amazing couple in Adelaide when I went for a family funeral.

Robert and Christine Sinnadurai have a home full of warmth and loving hospitality to people who stay with them, Visit them and to the community. Mouthwatering breakfasts, sumptuous lunches, morning, and afternoon teas and then before you can recover dinner banquets-prepared and cooked with such ease, and so very lovingly. I think I put on 5 kg the one week I stayed with them.

All the while large quantities of cooking are seen being catered for families in the community in need. In the middle of all this hospitality and catering -Robert will be missing-running some errand for one of his many refugees he has been a mentor for many years.

The scriptures say that every now and then God looks at His book of life where good and bad deeds are recorded. His eyes spot beautiful things that people do with humbleness, without recognition, without any expectations of a thank you -except to please Him.

He then orchestrates events to crown them with honor. To be validated, recognized, to be celebrated.

This is the background and story of the Melbourne Recipe Book launch on the 29th of April 2023. I have attached the invite for your participation and prayers. There is an RSVP date.

While this event was to honor Robert and Christine Sinadurai - they have become partners with JHC to significantly raise funds for a vision. A vision that God has placed a vision in my heart in the last few years for a Healing Centre in Jaffna.

This is not all what the Lord has done with the validation of his two servants-but He is orchestrating a book launch in Sydney -May 19th, 2023, and a subsequent book launch in Adelaide. More in my next week's weekly letter of encouragement.

Love & Blessings

Ps Hilda
