

Dunamis Power (Resurrection Power)

THE POWER THAT HEALS THE WOUNDS AND HURTS OF THE SOUL REALM

The Church operates through the power of Love- The Cross and the Lord Jesus Christ. It teaches the power of the Blood but what about the power of the Resurrection? . Jesus did something for each one of us even after His death -so that we might have complete healing- here it is- apply the power of the Blood + the Dunamis power together and be victorious.

Once our souls are wounded, it affects every part of our life, our internal peace, our well being, reactions, responses, our finances, our relationships and our physical health. 3 John 2 says we will prosper and be in health, even as our soul prospers. Wounded souls then permeate the spirit realm and we have broken or wounded spirits. Both, the wounded soul and wounded spirits then manifest itself in all sorts of diseases - cancer, asthma. arthritis, infections, allergies are a few. Common colds could be an infection caused by the sin of offences.!!!!

Every single one of us has been wounded by sin or by trauma. For example, Job's soul was wounded by trauma. In chapters one and two in the book of Job, we see that he had been traumatized by a series of events that ranged from everything he owned being stolen by raiders, to his children being killed by a whirlwind that caused the house to come down upon them all. Those events wounded Job's soul. We see this in Job's own words, as he repeatedly speaks about the bitterness he feels in his soul because of those traumatic events.

When you sin against yourself or someone sins against you, that sin can literally wound you in your inner man. Psalm 41 says "O God, heal my soul for I have sinned against thee." The psalmist had a revelation that he not only sinned and needed to be forgiven of that sin, but now that sin had wounded his soul and his soul literally needed to be healed.

How do we heal the soul once it gets wounded? The healing comes through the Cross and the Resurrection of Jesus Christ.

The first step is to apply the blood that Jesus shed at Calvary. Apply it on every sin that would ever wound the soul. The blood that Jesus shed on the cross is for the sin that wounded us. Whenever you read about the blood in the Bible, it speaks on the blood atoning for sin. The blood washes away every sin that could ever wound our souls.

However, after the blood washes away the sin, there is still a consequence, a wound, a hurt that is still left on the soul. **Sin can leave a wound behind. That wound is what allows us to be sick, to be financially broke, to divorce, to have problems in relationships.**

The good news is there is a power called *dunamis* that comes through the resurrection of Jesus Christ. In Philippians 3:10, Paul said, "I want to know Him (meaning Christ) and the power of his resurrection." The word "power" is the

Greek word *dunamis*, which means "to be excellent of soul!" ***Dunamis* is the power that heals our souls of every wound caused by sin. When we partake of both the blood that comes from the cross, and the power (or *dunamis*) that comes through the resurrection, we will get a complete healing in our souls of every wound that would beset us, which causes us to be prospered and be in health even as our soul prospers.**

We need to claim and apply the complete work of Jesus Christ. Meditate on the Cross, partake of the blood that Jesus shed for us. Decree that the blood is washing away every sin that ever wounded you. Decree the blood is going back through generations, to where sin happened back in your family line. Believe that the blood is flowing through you and your family line causing a healing of every sin and every trauma that would ever wound your soul.

Then, partake of the power (or *dunamis*) that comes through the resurrection. Jesus won that power for us through his victory over the tomb, and when you apply it to your soul and decree that your soul is filled with *Dunamis*, your inner man will become what *Dunamis* means – to be excellent of soul. Paul prayed in Ephesians 3:16 that we would be strengthened and reinforced with mighty power (or *dunamis*) in our inner man.

Here are few causes of how wounds and hurts come to encrust our souls which are listed. If you identify any of these factors, then apply the *dunamis* power after the washing of the blood on these wounds on your souls.
