- ETC

Emotions are a strong feeling deriving from one's circumstances, mood, or relationship with others

Emotions are with which we are created within our souls and must be managed and brought under the cross for discipline, control, management, and healing.

Unaddressed wounds or wounds that are not submitted to Jesus Christ for healing as per Isaiah 53: 5 (**⁵ But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed**) fester like our physical wounds and cause a spiritual pus to be created .This pus then flows through the central nervous system in to the body organs like liver, kidney, lungs, pancreas, brain, heart, tissues, marrow, bone, cells, the immune system and what ever organ and parts of the body it can infect , inflict and damage.

My dear people of God , either you learn to address these wounds to our Lord Jesus Christ for removal and healing or come to ministries like Jesuran Inner Healing Ministry to help you to identify these wounds , remove them and find healing and deliverance.

Love and Blessings as always
