

Hebrews9;14

14 How much more, then, will the blood of Christ, who through the eternal Spirit offered himself unblemished to God, **cleanse our consciences** from acts that lead to death,^[c] so that we may serve the living God!

The blood of Jesus is our atonement, forgiveness from God (which means you must forgive (Matthew 6:14-16 "For if you forgive men their trespasses, your heavenly Father will also forgive you. But if you don't forgive men their trespasses, neither will your Father forgive your trespasses) and eternal redemption. Healing & deliverance. The blood of Jesus must be applied to all 3 levels of **consciences**.

The **Three Levels** of Human Consciousness. We can view consciousness as **three** distinct **levels**: the **conscious**, the subconscious (or preconscious), and the unconscious. You can see how as humans we only deal with the conscious level. Totally unaware of the other two and what lies in these two realms and the damage it causes. As we are ignorant we do not deal with these issues and constantly wrestle with emotions and factors dormant but lethal.

Everything must be confessed, surrendered and washed by the blood of Jesus for total healing.

When you forgive it must be done from all 3 levels. Not just outer conscience. When we forgive and repent we usually do so from the outer consciousness. But repentance and forgiveness to us, others and God are also deeply embedded in the subconscious and unconscious.

Let's have a better understanding of these three levels- so that you apply the blood of Jesus to each level as you explore your emotions, memories, soul wounds and hand it over to Jesus. (Inner healing)

Conscience -is your thoughts/and the acts you perform to the voice of conscience in the mind. The voice of God.

The complex of ethical and moral principles that controls or inhibits the actions or thoughts of an individual.

Subconscious – Is where your memories are initially encoded. They could be subconscious memories of good and bad. Also repressed memories relating to trauma (something shocking, unexpected betrayal, accidents, divorces, wars and even this COVID_19 virus) which you repress because it interferes with your current wellbeing. Is pushed under but unfortunately it triggers poisonous emotions and actions like anger, depression etc.

It is where we bury unhappiness/brokenness and unforgiveness due to betrayals. It is a powerful force to reckon with. It is not creative, but it remembers everything you have done, said, or witnessed sudden inability to respond.

The unconscious mind is a reservoir of feelings, thoughts, urges, and memories that outside of our conscious awareness. The **unconscious** continues to influence our **behaviour** and experience even though we are unaware of these underlying influences. Even if **someone** is **unconscious**, they may still be able to **hear** or feel **you**.

The core of the matter in this short study should make you aware of the toxic, lethal effects that could lead even to addictions- as something deep within you cannot identify seems to pull you to, urge you to certain behaviours- against what your conscience tells you.

Very simple-from today apply the blood of Jesus to all three levels.'

Invite the Holy Spirit who will reveal matters that need healing in all three levels.

Claim the word of God for healing and deliverance

Apply the resurrection power that all the torment, low self-worth, fear, anxiety, guilt unforgiveness - deep within you be gone, and the resurrection power will begin to renew your mind and put everything in the past die. A new page in the chapter of your life.

Take authority every day for at least the next 21 days of your mind and its 3 levels.

Your personality, character and person is built up in through with Christ and as you understand how your mind works/governed by 3 levels.

May God richly bless you
