

Dear people of God,

We talk about Inner Healing, soul healing and soul wounds -But what is it all about? Do we have a soul? If yes -where is it? Why does it need healing?

Let's have a brief journey this evening and check whether -Do you and I need soul healing and if so what should we do about it.

- 1) Inner healing is God's way of liberating and restoring us from our brokenness and deepest wounds of our soul.
- 2) Spiritual wounds like physical wounds are very real in the soul realm.

Typical physical wounds -raw,red, angry and spilling puss.

Similar invisible spiritual wounds become soul wounds and spill a spiritual puss through the central nervous system in to our organs, tissues, muscle, nerves, blood cells etc

3) Like Physical wounds the spiritual wounds begins to secrete a spiritual puss and after years of it being unaddressed, it seeps into the body through the central nervous system and in to organs which then causes all the illness, afflictions, maladies that we all suffer as human beings- Cancer, arthritis, strokes, migraines, depression and mental breakdowns etc

1) There are mainly 6 kinds of wounds our souls can inherit.

A) Generational, unconfessed sins through the DNA-we inherit this in our mother's womb for no fault at all from us.

B) Relationship wounds through broken relationships in our conscious, subconscious and unconscious mind levels. The soul is broken with many wounds. The soul is not whole.

C) Trauma wounds -which are large and toxic with something you have experienced that has caused a shock or deep grief/ or fear or terror (war, earthquakes, divorces, accidents, long term illnesses or financial losses or any kind of incapacity. Abuse, rape, addictions and much more.

D) Wounds are very common with words spoken directly to pierce the heart or even behind your back and you hear about it from a 3rd party.

These wounds are like arrows that shatter your soul. These wounds cause offences and bitterness which is ultimately so toxic. So detrimental.

E) The deadly wounds are the wounds we carry with our negative emotions. Fear, Anger, Guilt, Depression, Anxiety, Rejection and many more. But the deadliest emotion is unforgiveness.

F) The 6th kind of wounds or soul damage comes from ungodly covenants like Freemasons/belonging to cults like New Age/ soul ties and strongholds.

Inner Healing is a ministry in which we as facilitators, however gifted, anointed or experienced be -are junior partners and the senior partner is the Holy Spirit -as He alone does the Healing and Healing belongs only to Him.

Contact - Jesuran Healing Centre INC for all your Inner healing conflicts and seek the Holy Spirit to mend your soul. We are here to help.

Love & Blessings

Ps Hilda
