From the Heart of Hilda Amma - Melbourne

Dearest Family and Friends,

Greetings from Melbourne! As I continue to recover and reflect during this season of healing, my heart overflows with gratitude for God's faithfulness and for the love and prayers that have carried me through these past weeks. Even in moments of weakness and hospital stays, I have seen His hand and felt the power of intercession sustaining me. I had an supernatural healing after two major operations an hour before discharge -20 days later. According to the surgeon who operated on me -he advised me God had saved my life as I could literally died with infection.

In the midst of this, I have been thrilled to witness the growth and fruitfulness of our JAK ministry. In just two short years, God has raised a team that is walking faithfully in His ways, demonstrating love, obedience, and vision beyond what one might expect.

They have embraced inner healing knowledge with courage, learning to minister in ways that bring deep transformation. Their work in spiritual mapping is laying prophetic foundations that will save Jaffna and beyond for years to come.

Moreover, the ministry is touching lives practically and spiritually. Monthly mobile medical clinics bring much-needed care to communities, while field trips, like the recent one to Tharmapuram. These acts of service are not just programs; they are the hands and feet of Jesus moving in love and truth.

Truly, God is proud of them, and so am I. The commitment, faithfulness, and integrity with which they are implementing all that has been anointed, inspired, and trained is remarkable. Isaiah 60:22 reminds us, "The least of you will become a thousand, the smallest a mighty nation. I am the Lord; in its time I will do this swiftly." JAK is living proof that when God leads, even a young ministry can accomplish great things.

May the Lord bless every step of their faithfulness a hundredfold! They are my precious Jaffna staff and family.

Recently, the well-known and dearly loved end-time revivalist, Bro. M.D. Jegan, was in Melbourne. As I listened, it became so clear to me that the coming of the Lord for His Bride is very near. This has stirred my heart deeply, and it is now my greatest pursuit for myself.

But I carry a heavy burden for my people in Jaffna, because I know many are not yet ready. It breaks my heart to think of many souls perishing without truly preparing themselves to a very imminent spiritual event. In prayer, I have been asking the Lord to send Bro. M.D. Jegan to Jaffna, even for a short mission—so that my people may be awakened and made ready as the Bride of Christ.

Every Tamil person in Jaffna /NP is precious to the Lord, and he has placed this love in me. I am very humbled.

With love and blessings,
Hilda Amma - Melbourne

Spreading God's Love Through Inner Healing

On September 5, 2025, our organization, "Jesuran's Healing Center," conducted a one-day inner healing program in Dharmapuram, a village in the Kilinochchi district that has been deeply affected by war. More than 40 individuals, ranging from children to adults, participated in this program.

During the event, guidance was given on what inner healing is, its importance, and how to overcome emotional wounds. In addition, personalized inner healing sessions were conducted through one-on-one conversations to address the specific emotional struggles of each participant. Furthermore, special sessions were organized for children, tailored to their unique needs.

This ministry brought a new turning point in the hearts of all who attended. Through this experience, we realized that Jesus Christ has not forgotten Dharmapuram, nor can the people there be overlooked. God is still actively working in their spirits and lives.

September Special Prayer Gathering

Empowering Faith Through Prayer

Jesuran Aravanaikum Karam" Weekly Prayer Gathering

Prayer - The Heartbeat of Our Ministry

Every Thursday, a special prayer gathering is held at our office under the gracious care of Jesuran Aravanaikum. What started as a simple time of prayer has now become a cherished moment of strength, encouragement, and unity for all who attend.

In these gatherings, ministry workers and office staff come together to seek God's presence, lifting up personal needs, ministry challenges, and words of thanksgiving in one accord. As hearts are opened before the Lord, faith is renewed, and burdens are laid down at His feet.

More than just a weekly meeting, these prayer times have deepened our walk with God and strengthened the fellowship among us. They stand as a beautiful reminder that prayer is not only the foundation of our ministry but also the lifeline that sustains us in the service of the Lord.

Healing Hearts Ministry

When God Heals the Hidden Wounds

For many years, M was trapped under the bondage of an unclean spirit and suffered severely. At last, by the loving grace of God, she was set free from that captivity, and today she worships joyfully in the church with freedom. Yet, as we spoke closely with her, it became clear that deep wounds still lingered within her heart.

The cruelties of her family situation, the painful effects of war, and the injustices of life had all left lasting scars in her soul.

When she poured out that hidden pain in the presence of the Lord, her heart grew tender, and tears flowed. At that moment, an inner healing ministry was conducted for her. Through that ministry, the Lord stretched out His loving hands, touched her broken heart, and began to heal the wounds she had carried for so many years—bringing her deep comfort and restoration.

Tears to Joy

N's husband was enslaved to alcoholism, the family had turned into a battlefield filled with sorrow and turmoil every single day. Carrying constant stress and pain, life itself felt like a heavy burden to her. With a broken heart and deep wounds, she came to us in tears, and at that moment, the healing touch of God's mercy began to work within her. Through the inner healing ministry,

the Lord touched and restored her inner wounds. He turned her tears into joy, her pain into peace, and granted her a new life filled with freedom and hope.

Brokenness to Healing

O's life was filled with sorrows. From the moment her beloved husband passed away after a long illness, her whole world was shattered. Countless financial struggles in running the family, recurring sicknesses, and unending worries—all of these crushed her heart. On top of this, the wounds and pains left by the war became a heavy burden deep within her soul.

On one side was the loss of her husband, and on the other, the burdens of life—because of this, her heart was constantly drenched in tears. In such a dark situation, through the ministry of inner healing, God's grace touched her, healed her broken heart, and gave her the strength to move forward with hope into a new life.

God Wiped Her Tears and Gave Her Strength Again

P's life was filled with sorrows and burdens. Her beloved husband and only child were suffering from illness, and because of that, poverty in the family grew day by day. On top of this, the deep scars left by the war shook her heart and crushed her spirit. With tears constantly in her eyes and an unbearable weight in her heart, she lived without hope for the future, overwhelmed by fear and confusion. When she came in such a broken state, it was clear that her heart had been completely shattered. But during the inner healing ministry,

God's loving hand wiped away her tears, healed the deep wounds of her heart, and poured new light and hope into her life that had been surrounded by darkness. Through that divine touch, she received the strength to rise up and stand again.

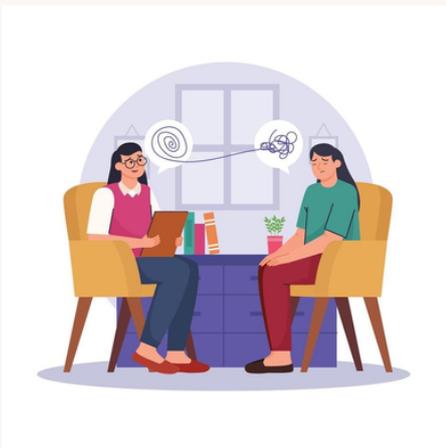

Healing Touch Brings Hope

Q is 21 years old. Due to the impact of war during her childhood, her nerves were severely damaged. As a result, she lost her ability to hear and to speak clearly. Beyond these physical challenges, her mental state was also affected, leaving her in a condition resembling that of a mentally ill person. She had been living with constant worry and sorrow, and her mother came along with her, heartbroken and concerned.

During the inner healing ministry, however, God's loving touch reached both of them. The mother's sorrows and the daughter's wounds were comforted by His grace. In that moment, both of them received the strength to move forward with peace and hope into a new life.

Brokenness to Courage

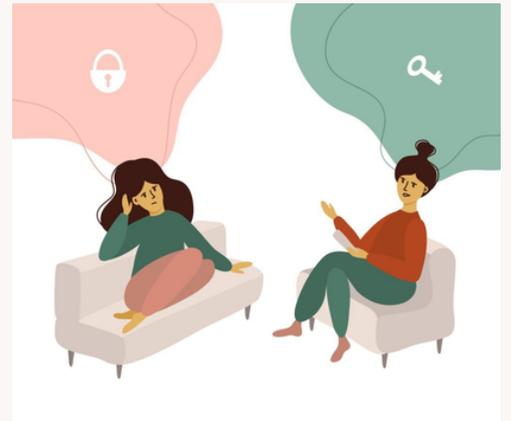

R, 23 years old. At an age when she was supposed to live with joy and hope, she carried deep sorrow in her heart because of her obesity. Since her appearance did not match her age, people's looks and words wounded her deeply inside. Added to this, the lack of a job pushed her into even greater mental stress. Each day she struggled with guilt about herself and fears about her future.

In the midst of this darkness, she received inner healing ministry. During that time, she poured out her hidden pain before God with tears. Finally, the peace of God touched her heart, bringing comfort and hope. Today, R realizes, "I am precious in the eyes of God" and has begun to live with renewed courage and confidence.

Torment to Peace

T, aged 26, had been tormented for the past four years under the severe oppression of evil spirits, wandering restlessly without peace wherever she went. Her life had shattered to the point where she could not even stay calmly in her own home. She has a little daughter of five years, yet she was unable to enjoy the love and comfort of her child. Because of this demonic oppression, troubles arose in her family, leading to distance and separation between husband and wife.

Living each day in fear and confusion, T's heart was filled with tears. In such a broken condition, by the grace of the Lord, she received inner healing ministry, and through it, she experienced the touch of peace that only the Lord can give.

Brokenness to Hope

U's life was shattered under the weight of unbearable burdens. Her husband, enslaved to alcoholism, had turned the family into a battlefield filled with constant quarrels and suffering. In the midst of this, her declining health continued to torment her. Day after day, she poured out her sorrow in tears, living with a pain that no one could truly understand. Driven into a state of hopelessness, U's heart was broken.

It was in this dark condition that she received inner healing ministry, through which the loving touch of God healed her wounds and filled her with new hope and peace.

Compassionate Service for Children's Education

Through Jesuran Aravanaikum Karam, providing school supplies to support children's education and growth has become an important part of our service. As a token of this loving effort, school supplies were distributed to the students of Annai Velankanni Nursery School on the occasion of their sports competition. We believe that this initiative will encourage the students in their educational journey and create a positive impact on their future development.

Village by Village, Restoring Jaffna's Future

The vision of JAK is to rebuild the broken walls of Jaffna and the Northern Province. Under the leadership of Ps. Elisha, the JAK team is carefully identifying the long-term effects of war, social struggles, destructive habits, and cultural challenges that continue to hold the region back. With dedication and hope, the team is moving village by village, town by town, envisioning a prosperous future, uplifting the human spirit from its shattered state, and working to restore the potential of each community. This ongoing effort, carried out week by week, aims not only to ensure the survival of the people of Jaffna but also to help them live a life of fullness and abundance.
