From the Heart of Hilda Amma - Melbourne / Australia

**The man who helped to change the destiny of the Tamils this year.
Blessings Ps Hilda Samuel**

Funding has been one of my greatest stress points, especially throughout 2024 and even until recently. I am deeply grateful for the 15 regular donors to JHC/JAK, whose faithfulness has kept both ministries afloat. Yet, the burden of providing the necessary funds for the JAK budget has often weighed heavily on my shoulders.

But God, in His mercy, continues to remind me through miracles that He is in control. JAK is His project for His people, and time and again He humbles me by showing His sovereign hand.

In July 2025, we witnessed what I can only describe as a "one-in-a-million miracle." The source of this blessing is none other than dear Dr. K. Senanthirajah—a much-respected General Practitioner who served in both government and private practice for many years (In Sri Lanka and Melbourne /Australia) is now retired.

I affectionately call him "Dr.Sen." He was married to my dear friend Nirmala from Chundikuli Girls' College, Jaffna. They both became our family friends as Joe, and I migrated to Australia and have remained good friends over the years. They have three wonderful sons - Suresh, Harshan, and Suren - who have remained the best of friends with my own son Chrishan through all these years

A devout Hindu, Dr. Sen was deeply moved by the humanitarian and healing work of JAK. In a note he sent me, he expressed his desire to support this ministry of God by raising \$50 a month each from 20 Hindu family members and friends.

When so many Christians mock, criticize, or dismiss the need for soul healing in Jaffna, this note from Dr. Sen was like sweet music to my weary soul. It was a reminder that God's ways are higher than ours. True to his word, funds from about 15 Hindu families have already begun to pour in.

I have always believed there is one God. Though this ministry is carried out in the love of God and in the name of Jesus, His compassion, sovereign grace, healing, and power to lift trauma and brokenness extend to all His creation. He loves all His children the same.

From the depths of my heart, and on behalf of JAK, myself, and the Tamil people of Jaffna and the Northern Province—I say, thank you, Dr. Sen. Dr. Sen, we still have much to do to repair the broken walls of our Nation and to lift up the souls who have been downtrodden for so many years.

Blessings

Ps Hilda Samuel

Founder/Pastor Of Jesuran Healing Ministry (JHC) Melbourne
Jesuran Aravanaikkum Karam (JAK) Jaffna /Sri Lanka.

FREE MEDICAL CAMP

Light Shone in the Midst of Darkness

The living conditions of the people in J/110 division, Mari Amman Street, Tirunelveli, deeply moved our hearts. Around 35-40 families, with a population of more than 300 people, continue to struggle with basic challenges such as lack of water facilities, absence of proper housing, extreme poverty, and no medical care. Most of them are engaged in daily wage labor, while addictions like alcohol, tobacco, and betel nut have trapped both young and old. Generational cycles of bondage and a lack of initiative keep them in a state of stagnation and oppression. In addition, idol worship and many family heads being imprisoned have caused deep fractures in their community life.

In this situation, by the grace of our Jesurun ministry, on August 10, 2025, we had the opportunity to conduct a medical camp in this village. Our doctor, Dr. Alfred Cruz, and nurse Mohan served with great dedication, and about 25 people, from children to the elderly, received direct medical care. However, this camp was not only about physical healing—it also became a gateway to spiritual healing. As our team laid hands on the sick and prayed, the living Word of God was declared. Many wept—not only because of physical pain, but because the wounds of their hearts were healed, filling them with peace and hope. On that day, the love of God was revealed in that village; truly, light shone in the midst of darkness.

August Special Prayer Gathering

Empowering Faith Through Prayer

Jesuran Aravanaikum Karam" Weekly Prayer Gathering

United in Prayer, Strengthened in Faith

Every Thursday, a special prayer gathering is held at our office under the gracious care of Jesuran Aravanaikum. This weekly time of prayer has become a source of strength, encouragement, and unity for everyone who attends. Both ministry workers and office staff come together to seek God's presence, lifting up personal needs, ministry challenges, and thanksgiving in one accord. These gatherings not only deepen our spiritual walk but also strengthen the bond of fellowship, reminding us that prayer is the foundation of all we do in the Lord's service.

Healing Hearts Ministry

Brokenness to Inner Healing

H is 32 years old and the mother of two children. Because of her husband's severe addiction to alcohol, she had to face difficult situations in her daily life. Continuous quarrels, physical abuse that caused both bodily and emotional wounds, unnecessary suspicions, and humiliating words deeply hurt her heart. These circumstances pushed her into deep mental distress.

To bring comfort to her inner wounds and to restore new hope and peace in her life, she was given an inner healing ministry

Healing Hope for a Mother and Daughter

I and her daughter have been enduring immense suffering together. The constant pressure from relatives, combined with her husband's cruelty, has made their family life deeply painful. Unable to bear these struggles, Kamala's 19-year-old daughter was driven to the point of attempting suicide. She is now severely affected emotionally, living in a state of deep sorrow, and is unable to concentrate on her studies because of the heavy mental distress.

In this painful situation, both Kamala and her daughter were given inner healing ministry to bring comfort to their wounds and to help them move forward with renewed hope and peace.

Broken Dreams to Renewed Hope

J is 18 years old. From a very young age, she grew up under the heavy burden of extreme poverty. Her father lived irresponsibly without taking up any duty, and her mother, due to lack of understanding, was unable to guide or manage the family. Adding to their struggles, her brother too faced mental challenges, which only deepened the family's misery.

Though J's heart burned with a deep desire to study and move forward in life, poverty and her family circumstances tied her down and blocked her path. The confusion about her future, the pain of shattered dreams, and the haunting question — "Why am I the one who has to suffer in such a situation?" — weighed heavily on her spirit. The spark of hope in her eyes slowly faded into tears of sorrow.

In the midst of this suffering and emotional distress, J was given inner healing ministry. Through this, she found comfort for her inner wounds, and her broken spirit was restored with new hope, courage, and the strength to look toward a brighter future.

Brokenness to Freedom

K, 48 years old. In the hardest moments of her life, carrying her little daughter with her, she endured the pain caused by her husband's addiction to alcohol, until one day she finally returned to her mother's home. Her husband's negligence and lack of care for the family turned even her child's innocent childhood into a restless and troubled environment.

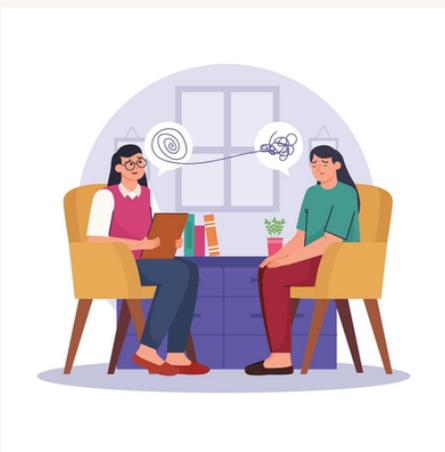

Every single day, K's heart ached under the weight of deep emotional wounds, torn apart by pains unknown to others. Those scars did not fade with time but continued to drag her into inner suffering even till today.

But by the gracious hands of God, she received inner healing ministry. Through that loving touch, the chains that had bound her for so many years were broken, and her soul and spirit began to experience a new freedom.

Today, K has been set free from the burdens of her life. She now sees a new beginning in the light of hope. On that face which was once wet with tears, peace and joy now bloom.

Brokenness to Courage

Vimala, 23 years old. At an age when she was supposed to live with joy and hope, she carried deep sorrow in her heart because of her obesity. Since her appearance did not match her age, people's looks and words wounded her deeply inside. Added to this, the lack of a job pushed her into even greater mental stress. Each day she struggled with guilt about herself and fears about her future.

In the midst of this darkness, she received inner healing ministry. During that time, she poured out her hidden pain before God with tears. Finally, the peace of God touched her heart, bringing comfort and hope. Today, Vimala realizes, "I am precious in the eyes of God" and has begun to live with renewed courage and confidence.

Loneliness to New Life

L, 59 years old. She lovingly and sacrificially raised her three children with deep affection. Today, they are all settled with families of their own. Yet, the loss of her husband left a painful emptiness in Kamala's life. Whenever her children were not around, that emptiness grew heavier, and her heart remained chained in loneliness.

In the quiet of the nights, she would often weep in unbearable longing. Those tears, unseen by anyone, flowed from the depths of her soul.

But when the compassionate hands of God touched her, through the ministry of inner healing, a deep transformation took place within her. God's love gently soothed and healed her wounded heart. The heavy burden of loneliness, carried for so many years, was broken, and her heart became filled with new peace and strength.

Today, L is no longer alone — immersed in God's love, she joyfully embraces a renewed life in the light of hope.

Tears to Triumph

Mala, 38 years old. A loving mother of three children, she had been suffering for several months with unbearable stomach pain. Because of this condition, she grew weary both physically and mentally, and was burdened with guilt that she could not fully take care of her family. The thought, "I am not able to care for my children properly," kept breaking her heart even more. Carrying both physical pain and emotional anguish, Mala endured each day with tears.

In the midst of this deep darkness, she received inner healing ministry. During that time, she poured out the hidden pains of her heart before God with weeping. The compassion and love of God touched her, filling her weary heart with new hope and peace. Today, Mala lives with the assurance, "The God who carries my pain is with me," and is moving forward with renewed courage.

SPECIAL MOMENTS

Celebrating a Leader with Love and Gratitude

On 29th August 2025, we joyfully celebrated the wedding anniversary of our beloved Manager, together with all the staff members of our office. On this special occasion, everyone expressed their gratitude and conveyed their heartfelt wishes, while also thanking God for our Manager's dedication, love, and leadership. Though simple, this meaningful celebration strengthened our sense of family and reflected the love and unity we all share towards our Manager.
